CMS

ILLINOIS Rod R. Blagojevich, Governor
DEPARTMENT OF CENTRAL MANAGEMENT SERVICES
Maureen T. O'Donnell, Acting Director

MEMORANDUM

TO: Consolidated and Non-Consolidated Agency CIOs, IT Managers, IT Coordinators, Telecom Coordinators, Chief Financial Officers, Universities, Offices of the Illinois House and Senate, Constitutional Officers, and Gubernatorial Boards and Commissions

FROM: Rafael Diaz RD
Chief Security Officer
CMS Bureau of Communication and Computer Services (BCCS)

DATE: October 26, 2007

SUBJECT: CMS BCCS IT Risk Management Website

CMS BCCS is pleased to present the CMS BCCS Information Technology (IT) Risk Management website. The implementation of this site represents another step in the Department's ongoing efforts to standardize and consolidate IT and Telecommunication services for our customers.

The purpose of the Risk Management site is to provide CMS staff and BCCS customers information on BCCS policy and corresponding security awareness. Please visit this new site at http://intra.state.il.us/it-risk/ to read the security policies and security awareness material. We will periodically update this site with new items, including Computer Based Training (CBT), video presentations, and cyber-tips and guidelines to help keep you up-to-date in the ever-changing world of Information Security.

A gubernatorial proclamation by Governor Rod Blagojevich has established October as National Cyber Security Awareness Month in Illinois. We hope this new website and the National Cyber Security Awareness Month Toolkits we recently distributed to all of you are beneficial in supporting IT security awareness efforts at your organization.

Should you have any questions, comments, or suggestions about the website, please feel free to send an e-mail to cms.bccs.prb@illinois.gov.

Thanks for your attention to this matter.
